Air Pollution Control Officer

### Notice of Decision to Certify Emission Reduction Credits April 9, 2024

Pursuant to the requirements of California Health and Safety Code Section 40713 and District Rule 26.7.B.4, all interested persons are notified of the Air Pollution Control Officer's (APCO) decision to certify an Emission Reduction Credit (ERC) for the following applicant. The proposed ERC is in units of tons per year.

The public may submit written comments on the preliminary decision during the 30-day period following the date of publication of this notice. The public is welcome to inspect, at the District office, the information submitted by the applicants and the supporting analyses for the preliminary decisions. After reviewing all comments received, the APCO shall provide written notification of the final decision to grant or deny any ERC to any person or agency submitting comments on the proposed ERC during the comment period.

If you have any questions regarding this notice, please contact John Harader at 805/303-3682 or [johnh@vcapcd.org](mailto:johnh@vcapcd.org).

ERC Certificate No. 1245

Company	ROC	NOx	PM-10	SOx
Performance Materials Corporation 1150 Calle Suerte Camarillo, CA Application No. 00446-220	1.46	0.00	0.00	0.00

The emission reduction results from the reduction of permitted throughput of Methyl Methacrylate (MMA) that is used in an acrylic and graphite fiber thermoplastic laminate manufacturing operation.
