**SUBJECT: VENTURA COUNTY APCD RULE 74.11 - CERTIFICATION OF  
NATURAL-GAS FIRED WATER HEATERS**

Dear Mr. Delph:

Per your request, the water heaters listed in your letter dated May 28, 2015, are certified for sale and installation in Ventura County. These units are also shown on the attached table and posted on our website (vcapcd.org). This certification is pursuant to Ventura County Air Pollution Control District (APCD) Rule 74.11, Natural Gas-Fired Residential Water Heaters. The units are certified to oxides of nitrogen (NOx) emission limits of either not more than 10 nanograms per Joule (ng/J) for "residential" units or not more than 40 ng/J for mobile home units.

The Ventura County APCD does not endorse or warranty any specific product or manufacturer. Modification of the products listed above will void this certification.

If you have any questions regarding this matter, please contact me at 805-645-1437.

Sincerely,

Ken Hall  
Air Quality Specialist  
Ventura County APCD
