

# Old Car Buyback Program

## Get \$1,000, and reduce air pollution!

### 1997 and older operable cars, pickup trucks, SUVs and vans

Vehicles are a major source of smog in Ventura County, and older models cause much more pollution than newer ones.

#### The vehicle must:

-  Be registered in Ventura County with the DMV for the last 24 months
-  Be driven to a participating dismantler in Oxnard or Santa Paula under its own power
-  Pass a functional and equipment test

For more information, visit [oldcarbuyback.com](http://oldcarbuyback.com) or contact Holly Galbreath at [holly@vcapcd.org](mailto:holly@vcapcd.org) or 805-303-3666. To verify eligibility and schedule an appointment to sell your vehicle, call Environmental Engineering Studies Inc. at 800-717-7624 .
