Air District Seeks Candidate for Hearing Board

Ventura County, CA (September 11, 2013) – The Ventura County Air Pollution Control District is seeking a registered professional engineer interested in serving on the APCD's Hearing Board. Candidates for the engineer member position must be licensed in the state of California, and must be residents of Ventura County.

The Hearing Board is a quasi-judicial body that acts upon petitions submitted by operators of air pollution emission sources, APCD staff and the public. It conducts public hearings and makes various decisions regarding air pollution sources in Ventura County. Typical decisions made by the Hearing Board include whether temporary relief from APCD Rules should be issued; whether the APCD's denial, suspension or conditional granting of a Permit was warranted, and; determining whether a Permit to Operate should be revoked.

The Hearing Board meets Monday evenings, as needed, at 5:30 PM. Meetings last from one to two hours and typically occur one to two times per month. Hearing Board members are paid \$75 per meeting. The Air Pollution Control District's Governing Board makes appointments to the Hearing Board. New members should be willing to attend two two-day training classes conducted by the California Air Resources Board.

Interested individuals should contact the APCD's Dan Searcy no later than November 11, 2013. Mr. Searcy can be reached by phone at 805/645-1494 or by email at dans@vcapcd.org.
