

PUBLIC WORKSHOP PROPOSED REVISIONS TO RULE 2 DEFINITIONS

The Ventura County Air Pollution Control District (VCAPCD) will hold a public workshop on proposed amendments to Rule 2. Staff is proposing to include an additional nine compounds to the exempt organic compounds definition. The amendment will align the definition of “exempt organic compounds” in VCAPCD with the Environmental Protection Agency (EPA) definition. This will also provide the regulated community with additional options to meet Reactive Organic Carbon (ROC) limits.

The meeting will be held at the following time and location:

**Tuesday – February 5, 2019
2:00 p.m.
Santa Cruz Conference Room – 2nd Floor
Ventura County Air Pollution Control District
669 County Square Drive
Ventura, CA**

The public and industry are invited to attend this meeting and provide input on this rule development. The proposed rule amendments in strikeout/underline format and draft staff report may be downloaded from the VCAPCD website (www.vcapcd.org). Please contact Danny McQuillan at (805) 645-1432 or email danny@vcapcd.org if you have any questions or comments. If you would like to participate via conference call, the Dial-in Number is (781) 448-4145 and the Access Code is 26066.
