## **Notice of Advisory Committee Meeting Proposed Amendments to Rule 74.23, Stationary Gas Turbines**

The Ventura County Air Pollution Control District (VCAPCD) Advisory Committee will consider recommending proposed revisions to Rule 74.23, Stationary Gas Turbines. As amended by Assembly Bill 617 (C. Garcia, Chapter 136, Statutes of 2017), Health and Safety Code Section 40920.6(c) requires each local air district that is a nonattainment area for one or more air pollutants must adopt an expedited schedule for the implementation of Best Available Retrofit Control Technology (BARCT) by the earliest feasible date, but not later than December 31, 2023. On December 11, 2018 the Ventura County Air Pollution Control Board approved a BARCT Rule Development Schedule. As part of this Rule Development Schedule, District proposed to implement BARCT emission limit revisions to Rule 74.23, Stationary Gas Turbines by December 1, 2019.

The **Advisory Committee Meeting** will occur at the following time and location:

**Tuesday, September 24, 2019  
7:30 p.m.  
First Floor Conference Room  
Ventura County Air Pollution Control District  
669 County Square Drive  
Ventura, CA 93003**

Proposed amendments will reduce Oxides of Nitrogen (NO<sub>x</sub>) and Ammonia (NH<sub>3</sub>) emissions from stationary gas turbines. The proposed emissions limits for existing stationary gas turbines are 2.5 ppm NO<sub>x</sub> and 10 ppm ammonia (NH<sub>3</sub>). This is based on similar standards proposed by South Coast Air Quality Management District (Rule 1134). The draft proposed rule amendments and staff report have been prepared based on regulatory and industry comments received to date and can be downloaded from the VCAPCD website at [www.vcapcd.org](http://www.vcapcd.org).

You are invited to attend this meeting and provide input on this proposed rule amendment. Please contact Danny McQuillan at [danny@vcapcd.org](mailto:danny@vcapcd.org) or (805) 645-1432 if you have any questions or comments. Written comments may be mailed to 669 County Square Drive, 2<sup>nd</sup> Floor, Ventura, CA, 93003, or faxed to (805) 645-1444.
