

\$1,000 FOR YOUR OLD CAR!

The district will pay you \$1,000 for your 1997 or older vehicle if registered with DMV in the county for the past 24 months.

Ventura County
Air Pollution
Control District

To find out if your vehicle qualifies for this voluntary program, call the Old Car Buy Back hotline at (800) 717-7624! Visit our website www.oldcarbuyback.com for more details or contact Danny McQuillan at 303-3662 or danny@vcapcd.org. Funding for this air quality improvement program comes from local DMV fees.

Participating auto dismantlers located in Oxnard and Santa Paula.

Dismantlers will hold purchased vehicles for up to 17 days to make available to the public to inspect, if there is any interest in resale (per California regulations).

Fail Smog Check? Call California Bureau of Automotive Repair, Consumer Assistance Program for funds available to repair or retire your vehicles. For information, call (800) 952-5210 or visit www.smogcheck.ca.gov.

Cars and Trucks are a major source of smog pollution in Ventura County, and older vehicles cause much more air pollution than newer ones. The vehicle must be driven to the inspection station under its own power, and pass a functional and equipment test.
